---

## **CIRCULAR**

**Dr. YSR AHCT/Operations/20/30/005/2020, dated: 09.12.2020**

Sub: Dr. YSR AHCT – Operations – Reviving back of 133 Reserved procedure to only Government Hospitals – Reg.

\*\*\*\*\*

1. In recent days due to the prevalence of COVID – 19 pandemic in the state, some of the Government Hospitals have ceased their operations temporarily. In this case the Government of Andhra Pradesh has taken steps to provide continuity of treatment to all even in COVID -19 pandemic. Hence, 133 reserved procedures which were allowed to the Govt. Hospitals previously are allowed to Private Net Work Hospitals.
2. Now, all the Government hospitals are reopened and started working normally. Therefore, the above mentioned 133 reserved procedures are again going to disable to the Private Network Hospitals from mid night of 11.12.2020.
3. In view of the above, it is to inform that all the Private Network Hospitals should not raise any pre-auths for the reserved procedures from today i.e., 09.12.2020 onwards. Already pre-auth raised procedure will be processed as usual.
4. The private Medical Colleges can raise pre-auths and treat the patients as earlier for the allotted 123 reserved procedures.
5. This has got the approval of CEO Aarogyasri.
